

# Application Form For Joining UCLA-NLP

Dear prospective students,

If you're interested in joining our lab, please fill in the following form (feel free to skip some questions). I will go over your applications and contact you if you fit our lab. You don't have to send me an additional email, as the form will automatically generate one. Unfortunately, due to a large number of requests, I won't be able to give individual feedback.

- For prospective PhD students, I often start contacting students for a phone interview around February. If you have submitted an official application, you don't need to fill in this form unless you have additional information you want to provide.

- For prospective summer interns, please apply through the UCLA-CSST summer program (<https://csst.ucla.edu/>) if applicable. Otherwise, please send me your request by 3/31. I can only take summer intern students.

- For prospective UCLA undergraduates, the best way to start is to take CSM146 and my NLP CS269 seminar course. Feel free to drop by my office hours even if you're not currently taking these courses.

- For prospective UCLA master's students, also feel free to drop by my office. If you're interested in doing a capstone project with me, please contact me well in advance.

Best,  
Kai-Wei

Name \*

Your answer

---

**Who are you? \***

- Postdoc candidate
- Perspective PhD student
- Perspective summer intern
- UCLA undergraduate student
- UCLA Master's student

**Educational Experience (your undergrad/grad institution)**

Your answer

---

**Link to your CV**

Your answer

---

**Link to your personal website**

Your answer

---

**Publications (if any)**

Your answer

---

**Link to a writing sample (a paper, course project, or research statement)**

Your answer

---

Related course grade (if you've taken any course related to AI/ML/NLP)

Your answer

---

What is your research interest?

Your answer

---

Are you interested in any of our previous papers? Which ones and why?

Your answer

---

From what you have heard of, what aspects of the UCLA-NLP lab match you the most? What aspects match you the least?

Your answer

---

If you were to use <10 sentences (<150 words) to support your case, what would you say?

Your answer

---

(For MS thesis and capstone project only) Do you have a proposed research topic? If so, please describe briefly.

Your answer

---
